DENNIS KIMIRI

ICT TECHNICIAN LEVEL 5 | IT SUPPORT | NETWORKING | CYBERSECURITY LEARNER

Phone: 0114467434 | Email: kimiridennis7@gmail.com | Location: Nairobi, Kenya

PROFESSIONAL PROFILE

Entry-level ICT technician currently pursuing an ICT Technician Level 5 certificate, with practical exposure to computer setup, basic troubleshooting, printer connectivity, software installation, Ethernet cable preparation, and computer maintenance during industrial attachment. Interested in growing into networking and cybersecurity, with a focus on learning, reliability, and good customer service.

TECHNICAL SKILLS

- Computer setup, mounting, and peripheral connections
- Basic computer troubleshooting and maintenance
- Printer and scanner installation/connectivity
- Ethernet cable preparation and RJ45 termination practice
- Software installation and uninstallation
- Basic networking concepts and IP configuration learning
- Microsoft Office and general computer applications
- Customer support, communication, and teamwork

INDUSTRIAL ATTACHMENT EXPERIENCE

ICT Industrial Attachment
KMTC — Human Resources / ICT support environment | Aug 2026 – Present

- Assisted with setting up desktop computers and connecting peripherals.
- Helped connect printers and scanners to desktop computers and laptops.
- Assisted with basic printer troubleshooting, including checking network connectivity and paper jams.
- Helped users with printing documents and resolving basic flash-drive recognition issues.
- Practised preparing Ethernet cables using RJ45 connectors and the correct wire sequence.
- Observed and assisted with software installation and computer maintenance tasks.
- Helped with laptop assembly/disassembly and cleaning under guidance.
